JOURNAL OF THE BIOLOGICAL PHOTOGRAPHIC ASSOCIATION

INDEX TO VOLUME 31 — 1963

A

Anatomy Film Project at Indiana University, Report on the National Science Foundation Developmental 131

Animals, Don't Freeze the 19

Animation in Medical Film Production, Simplified Graphic Illustrations and.. 63

AMA Awards for Photography 98

Asia, Medical Photo Mission in Southeast 117

Awards BPA 1963 150

B

Bilbro, William C., Jr. 55

Book Reviews 154

C

Clinical Radiotherapy and Photography. 77

Coffey, Lardner A. 105

Controlled Environment Drying Tunnel for Critical Emulsion Temperatures.. 11

D

Dittman, Stephen P. 117

Don't Freeze the Animals 19

Drying Tunnel for Critical Emulsion Temperatures, Controlled Environment 11

Dunton, Sam 19

E

Electrophoresis Photography, Starch Gel 89

Electron Microscopy, The Substitution of Sheet Films for Glass Plates 49

Electronic Flash in Photomicrography of the Physiological Process of Reproduction in Ciliated Protozoa 45

F

Filters, The Production and Use of Rheinberg's Differential 15

Flaten, Clarence M. 131

H

Haberman, Cindy 77

I

Idea 153

Identification of the Pre-crossmatched Donor with the Polaroid Camera, Positive 55

In Vivo Demonstration of the Gastric Vasculature by Transillumination ... 59

J

Jackson, H. Ross 11

K

Klosevych, Stanley 1

Koster, Lewis W. 49

L

Lappan, Joseph T. 99

Lopez-Ochoterena, Eucario 45

M

Mathias, Richard C. 63

Medical and Biological Illustration 10-54-109-146

Medical Photo Mission in Southeast Asia 117

Method of Double-System, Synchronous Motion Picture Projection 105

Moe, Roger E. 59

Morgan, H. C. 85

Motion Picture Projection, Method of Double System, Synchronous 105

N

New Products 40-71-111-155

O

One-Man Control Features TV System Used in Teaching Hospital 99

P

Perez-Tamayo, Ruheri 77

Photomicrography Polarized Light Technique 1

Pinkham, Dorothy M. 55

Polarized Light Technique, Photomicrography 1

Positive Identification of the Pre-cross-matched Donor with the Polaroid Camera 55

Production and Use of Rheinberg Color Differential Filters 15

Protozoa, The Use of Electronic Flash in Photomicrography of the Physiological Process of Reproduction in Ciliated.. 45

R

Radiotherapy and Photography, Clinical 77

Report on the National Science Foundation Developmental Anatomy Film Project at Indiana University 131

Reversal Transparencies, Simplified 35-mm Black and White 85

Rheinberg Color Differential Filters, The Production and Use of 15

Richins, Calvin A. 57

S

Simplified 35mm Black and White Reversal Transparencies 85

Simplified Graphic Illustrations and Animation in Medical Film Production.. 63

Spiro, David 49

Starch Gel Electrophoresis Photography. 89

Substitution of Sheet Films for Glass Plates in Electron Microscopy 49

Sustaining Members 44-76-116-160

Synchronous Motion Picture Projection, Method of Double System 105

T

Tilly, Dale A. 59

Transparencies with White Line Copy Superimposed on Colored Backgrounds, Use of Positive Color Films for Production of 57

Tyson, Don R. 89

TV System Used in Teaching Hospital, One-Man Control Features 99

U

Use of Electronic Flash in Photomicrography of the Physiological Process of Reproduction in Ciliated Protozoa.. 45

Use of Positive Color Films for Production of Transparencies with White Line Copy Superimposed on Colored Backgrounds 57

V

Vasculature by Transillumination, In Vivo Demonstration of the Gastric.. 59
